

# Antonym Turkeys

Dear Families,

Recently we discussed the word "antonym". Antonyms are words that mean the opposite. For example, the word "excited" is the opposite of "scared, bored, uninterested, indifferent, or calm". Soon we will be making "Antonym Turkeys". Each feather on the turkey will be an antonym for the word that is on the body of the turkey. Please help your child think of five antonyms on the lines below.
