

Painting Sentences

Created by: Jenna Rayburn (jenna.rayburn@gmail.com)

Materials:

- Print: One copy of each paint blob
- Print: As many game boards as needed (p.2)
- Gather pennies or bingo chips

Game Directions: Give each student a palate game board and 11 bingo chips or coins. Place the blob sentences in a central position. Use the sentences most appropriate for the students' abilities (basic or advanced code). Each student takes one turn by drawing a paint blob and reading the corresponding sentence. If the student successfully reads the sentence they cover one color of paint on their palate game board. The first student to fill their palate wins the game.

Set 1

A large, irregular yellow ink splat with several smaller yellow droplets scattered around it.

Pat and Jack can
run fast.
