

SPEECH-LANGUAGE PATHOLOGIST

BROUGHT TO YOU BY READINGRESOURCE.NET & RED ROCK EDUCATIONAL PUBLICATIONS

PRESENTED BY STEVEN M. GRIFFIN, M.A., CCC-SLP
Monday, November 4, 2013

Holiday Inn Columbus-Worthington, 7007 North High Street, Worthington, Ohio 43085

PROGRAM SUMMARY

This daylong workshop is designed to equip the Speech and Language Pathologist to deliver practical Tier I & Tier II Early Literacy Interventions and consultation approaches in the school and clinic based settings. With the newly approved amendment to the Ohio Third Grade Reading Guarantee adding SLPs to the list of "approved" professionals who can deliver reading instruction, SLPs are more than ever desiring professional development in the area of reading. With caseload and workload issues in mind, participants will learn how to "get involved in reading" and implement easy to use activities and intervention strategies to help struggling readers in the areas of phonemic awareness, reading decoding and reading fluency. Join us for a truly fun and engaging day filled with high quality content that you can use immediately with your students and clients.

LEARNING OUTCOMES

At the end of the day, participants will be able to:

- Explain common causes for reading problems and determine appropriate assessments to quantify, identify, and explain these causes to teachers, administrators and parents.
- Plan and implement appropriate Tier I & Tier II reading interventions targeting phonemic awareness, reading decoding, and reading fluency deficits.
- Implement consultation approaches to increase the effectiveness of current Response to Intervention (RtI) models.
- Describe a number of methods and degrees to which the Speech and Language Pathologists can participate in reading instruction and meaningfully contribute to student and client literacy achievement.
- Outline a comprehensive Tier II literacy intervention framework complete with activities and recommended resources.

WHO SHOULD ATTEND?

This program is appropriate for Speech-Language Pathologists or related fields interested in helping at-risk or struggling readers (teachers, special educators, educational specialists, administrators, etc.), or graduate students who have an interest in early literacy.
